

Seaview

This development provides residents with beautiful views of the ocean and the nearby Island of Koh Phangan, famous for it's Full Moon Party. The hills and beaches of Maenam complete the beautiful surroundings.

The properties, whilst located in a quiet area, are only minutes away from the Fisherman's Village with its beautiful array of restaurants and bars, and Koh Samui's most prestigious Santi Buri golf course. Several popular beaches are within a kilometer from the development.

The properties are designed in a terrace style, grouped together as eight exclusive units. The development was designed to take full advantage of the beautiful sea view and provide excellent surroundings including its own communal swimming pool, BBQ area and private undercover parking area.

The eight town houses have their own private gardens and come with an optional private plunge pool. They are 205 square meters under roof and have three bedrooms, with en suite bathrooms. There is an option for a study or fourth bedroom.

The home comprises three floors: the first floor includes living, dining and kitchen areas, opening to the outdoor private entertainment area. A powder room and laundry are also located on the first level. The second floor houses the first master bedroom and study (optional fourth bedroom). The third floor comprises the second and third master bedrooms.

After sun down, the properties will be enhanced by the use of subtle lighting. The native foliage, Thai art and water features will be lit, providing an elegant appearance to the grounds.

The emphasis is on providing a very high quality product, designed by world class Bangkok based, Australian Architects, Woods Bagot.

Throughout construction, the highest quality materials will be used with the emphasis on "green building practices". Our commitment to the environment provides a balance between nature and design.
